EXPERIENCE  
FOR PRE-PREP  
CHILDREN**

Junior Gymnastics at Waverley is a structured program that is oriented towards gymnastics learning in our permanently set up gymnastics facility in Mount Waverley. The participants will be taught gymnastics skills as well as general co-ordination, balance, jumping and climbing, and their lessons will incorporate use of the beam, bars, floor, trampolines and foam pit.

Each session runs for fifty minutes and is coached by our dynamic, friendly and qualified staff in a safe gymnastics environment, designed to maximise the learning opportunities for every child.
